

# An Open Platform

Facilitated by:

Sandeep Puroo and Brian Cameron  
Center for Enterprise Architecture  
The College of Information Sciences &  
Technology  
The Pennsylvania State University

October 2011

# Purpose

- An open platform to share and listen to EA-related concerns in your organizations
  - Listening to your peers about their concerns and providing feedback or responding
  - Sharing with your peers your concerns and inviting feedback or hear about their experiences in similar situations
- Use the discussion in the open platform to surface issues
  - To provide directions for new research ideas
  - To provide directions for new educational modules
- Provide input to the concurrent sessions on education and research that will follow in this meeting

# Some Seed Questions

- What is the position of EA efforts in your organization?
- Are EA efforts prominent in your organization?
- Has EA progressed beyond the IT folks in your organization?

# Some More Seed Questions

- What is the status of groups and efforts in your organization about emphasis on EA efforts?
- How is your organization positioned in terms of preparing/developing your employees for EA?
- How do you see EA efforts progressing in your organization in the next few years?

# Even More Seed Questions

- What are some of the critical EA concerns in your organization?
- What specific things might this group and/or researchers from this Center do to address these concerns?
- Is your organization well-positioned well to participate in EA research efforts with Penn State faculty / students?

# No More Seed Questions

- You Tell Us!
- What have we missed so far?
- Might such an Open Platform be useful on an ongoing basis?
