CEA Executive Steering Committee

- Works with CEA faculty to set education, professional development, and research direction for CEA
- Provides guidance and direction in the development of the CEA strategic plan
- Monitors performance against the strategic plan
- Serves as a sounding board on emerging issues, problems, and initiatives

CEA Advisory Board

- Access to CEA Faculty and Research Associates
- Influence EA curriculum at graduate and undergraduate levels
- Influence topics for Professional Development
- Influence CEA research agenda
- Attend CEA annual meeting and networking events

Professional Development Events

- Architecting for Security; Washington, DC metro, early 2016
 - Overview of Risk-Driven Architecture Models and Methodologies
 - Workshop format; groups work through a *case study* to apply concepts

Priority access to students

- Booth at *College of IST* fall and spring career fairs: Pro Expo and Future Forum
 - + Premier booth location for fall and spring career fairs
 - * Based on availability; includes early registration (space is limited)
- Sponsored networking events (e.g. Fall student networking event on evening before Pro Expo)
- First access to students in EA Club
- Opportunities to speak to classes and participate in class projects at graduate and undergraduate levels (at faculty discretion)
- Ability to post jobs and internships for graduate and undergraduate students
